

HIGH EFFICIENCY PROFESSIONAL POWER AMPLIFIER

PREMIUM
PRODUCT

SPECIFICATION

Channel number	4CH
8 Output Power /per ch	1500W
4 Output Power /per ch	2500W
2 Output Power /per ch	3000W
8 Bridged Power	10000W
4 Bridged Power	12000W
Frequency Response	20Hz - 20KHz
THD+N(8 1KHz) @ 1/4 FULL POWER	<0.1%
Input Sensitivity	23dB - 44dB
Net Weight	17.5kg
Packing Dimensions	550 x 575 x 185mm
Operating Voltage	AC 200V-240V/50-60Hz (Customize according customer requirement)

FEATURES

- 32 bit Floating-Point DSP.
- 4.3 inch HD touch screen.
- Metal Package Silicon power Transistors.
- PC software support USB/serial/network control.
- Full configuration and real time monitoring from PC
- Wide frequency band, large dynamic, less distortion.
- Powerful, simple operation, easy to use.
- Input mix mixer adjustment.
- Input & output.
 - volume, phase, delay
 - high-pass & low-pass filter: (20Hz - 20000Hz)
 - 12 band parametric equalizer.
 - dynamic compression limiter
