

# SPEAKON CABLE

CARDIOID | DYNAMIC

FEUR Tour Pro Cables are Crafted for the discerning musician and the most demanding environments, FEUR Tour Pro delivers a premium line of instrument, speaker, and microphone cables designed for durability and exceptional sonic fidelity. Unlike standard cables that can color your tone or diminish your harmonic richness, FEUR Tour Pro cables preserve the full subtlety of your performance. Engineered with cutting-edge cable technology, the FEUR tour pro Series incorporates twisted pair, oxygen-free copper conductors surrounded by dual-layer of polyethylene , ultra-effective shielding. This construction ensures extremely low capacitance, enabling your instrument's clarity, brilliance, and unique voice to come through without compromise. PE shielding with its excellent moisture and weather resistance properties for outdoor venues. To further ensure reliability, each cable features sealed solder joints and rugged, molded strain relief—guaranteeing peak performance under the toughest conditions. Your cable should never interfere with your sound—Feur makes sure it won't.
